THE FUTURE IS NOW

In this presentation you will find renderings by the architectural firm of Bergland & Cram. These pictures will show you exactly how everything will look upon completion. This will be first-class and a great asset to both our school and our community.

A fund-raising campaign entitled “The Future is Now” has been created to make these great facilities even greater. More information on this campaign can be found on the back panel of our brochure

It’s exciting and you are about to see why.

WHAT AN OPPORTUNITY

This capital campaign is designed to raise money to purchase state-of-the-art equipment and supplies. These facilities will be utilized by our students, our student-athletes, and our teams. In addition, we intend to attract and conduct swim meets on both the state and national level. Our fieldhouse and current gymnasium will be great for youth volleyball and basketball tournaments. In order to do this, we need the equipment to make it happen! These facilities will absolutely put Mason City on the map!
